Dear David,

As our project at MGM Cotai draws to a close and we approach our grand opening, I write to thank you for your efforts over the last four years. You have supplied stone to many of our contractors working on the public areas, spa, ballroom, and multiple restaurants. Your installation work for the VIP Lobby was particularly appreciated since this was very complex and challenging. You have coordinated very closely with our own design team, project directors and fit out contractors to ensure a top-quality end product.

I wish you the best of luck in your future endeavours and will be happy to recommend your company to others in the future.

Yours truly,
